Snapping Shoals EMC has been in business for over 80 years. During that time, we have built a strong reputation for providing reliable power and excellent customer service. Our roots go back to the 1930's and the early days of America's rural electrification.

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

SSEMC administers validated/job-related tests and other selection procedures during the application process as a pre-requisite for hiring.

Equal Opportunity Employer

All contingent offers are based upon successful completion of our pre-employment verification process, which may include a criminal background check, physical health screening, drug test, MVR and proof of eligibility to work in the United States.

Full job description is presented at time of the interview.
