# Snapping Shoals EMC

Annual Report & Meeting Notice

# Board of DIRECTORS

The Snapping Shoals EMC Board of Directors represent the 102,675\* total members in our service territory in 2021.

*\*Note: This number includes 2,104 members served in Jasper, Morgan, Butts and Walton counties.*

## Snapping Shoals EMC Board of DIRECTORS

An 11-member Board of Directors is responsible for establishing policy and overseeing the finances and administration of Snapping Shoals Electric Membership Corporation. The board hires the President/CEO, who is responsible for administering board policies and overseeing the day-to-day operation of Snapping Shoals EMC. Because the directors are also Snapping Shoals members, they have a strong desire to keep the quality of service high and electric rates low. Each year at the Annual Meeting of the Members of Snapping Shoals EMC in July, the members elect directors and participate in other cooperative business. The directors serve by district to ensure representation from the different parts of the co-op's service area, but they are elected by the membership at-large and represent all Snapping Shoals members.

## Dear Snapping Shoals EMC MEMBERS

The cooperative spirit of service excellence and collaboration is alive and well at Snapping Shoals EMC. Our results speak for themselves. SSEMC members consistently pay some of the lowest electric rates in Georgia. According to the most recent Georgia Public Service Commission rate survey, our rates are the 3rd lowest at 1,000 kwh, 4th lowest at 1,500 kwh and 5th lowest at 2,000 kwh among all 94 reporting electricity providers. Our system reliability metrics and outage restoration times are also some of the best among our peers. A recently completed customer satisfaction survey placed Snapping Shoals EMC well above the national average for utilities. Even during times of significant growth, material shortages and volatile power markets, we have worked together to steady rates and deliver the energy to meet your needs. You can be proud of the work that your EMC Directors, management team and highly-skilled workforce perform on your behalf. Often behind the scenes, this incredible collection of men and women strive diligently to serve our community and exceed our members' expectations every single day. Despite our past successes, the drive to innovate and become the best electric cooperative possible is what makes Snapping Shoals EMC who we are today. We aim to improve the lives of those that we serve and connect our communities. Snapping Shoals EMC is proof that a group of hard-working people with a common vision can achieve great things together because when we work together, the whole is truly greater than the sum of all parts.

# Financial Impact in the Areas We **SERVE**

Snapping Shoals is fortunate that we're able to give back to our community, and we're also fortunate to have so many caring members. For instance, our Operation Round Up program lets these kind-hearted members lend a hand to those in need by having their bills rounded up to the next dollar. The funds members contribute are used to help qualifying charitable/community organizations with specific needs or to directly help people in need of assistance with household or living expenses, home repairs or equipment, and medical or health needs.

A big advantage of being part of an electric cooperative like Snapping Shoals EMC is that we operate on a not-for-profit basis. This enables us to return our margins, which are revenues collected in excess of expenses, to the co-op members. Margins, also known as capital credits, are usually retained by the cooperative for a while as a source of funding for the construction of new lines and other utility expenses. The unclaimed capital credit funds are used to support SSEMC's educational programs, such as our scholarships, Bright Ideas and economic development projects.

Snapping Shoals is proud to be a big part of the community we serve, and the fact that we're owned by those we serve pushes us to work harder every day. We promise to keep improving our community and to always put your needs first.

## 2021 Community Support

Electric carts will be available from the Handicap Parking to and from Walker Arena.

# 2020 | 21 Report of Independent Auditors

## The Board of Directors Snapping Shoals Electric Membership Corporation and Subsidiary

### Opinion

We have audited the consolidated financial statements of **Snapping Shoals Electric Membership Corporation and Subsidiary**, which comprise the consolidated balance sheets as of December 31, 2021 and 2020, and the related consolidated statements of operations and comprehensive income, changes in members' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements. In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Snapping Shoals Electric Membership Corporation and Subsidiary as of December 31, 2021 and 2020 and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Snapping Shoals Electric Membership Corporation and Subsidiary and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Snapping Shoals Electric Membership Corporation and Subsidiary's ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Snapping Shoals Electric Membership Corporation and Subsidiary's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Snapping Shoals Electric Membership Corporation and Subsidiary's ability to continue as a going concern for a reasonable period of time. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## OFFICIAL NOTICE

of The 2022 Annual Meeting of Snapping Shoals Electric Membership Corporation

*To the Members of Snapping Shoals Electric Membership Corporation:*

Notice is hereby given that pursuant to the provisions of the Bylaws, the Annual Meeting of Snapping Shoals Electric Membership Corporation will be at the Georgia International Horse Park, Conyers, Georgia on July 21, 2022 at 11:45 a.m. EDT for the following purposes:

1. To elect Directors for ensuing terms.
2. To transact such other and further business as may properly come before the meeting or any adjournment or adjournments thereof.

If you do not expect to attend the meeting, you may vote by proxy upon matters to be transacted at the Annual Meeting. On this page is a proxy, which should be properly dated and signed. No member may vote as proxy for more than three members at the Annual Meeting. No proxy shall be valid after sixty days from the date of its execution. The presence of a member at the Annual Meeting shall revoke any and all proxies heretofore executed by such member, and such member shall be entitled to vote at the Annual Meeting in the same manner and with the same effect as if he had not executed a proxy.

The director posts to be filled at the Annual Meeting and the term of each, along with the nominations made by the Nominating Committee and nominations by written petition for each post are as follows:

CLASS III		CLASS III	
DIRECTOR POST	TERM	NOMINATION BY COMMITTEE	NOMINATION BY PETITION
