Power Usage Survey PARTICIPATION IS CRITICAL TO ENERGY PLANNING

Survey will be sent via email in the coming months

To manage our future energy needs, Snapping Shoals EMC is conducting a residential Home Energy survey.

We sponsor this survey to get an up-to-date picture of how our Members use energy in their homes. The survey contains questions on the type of appliances in your home, including heating, cooling, water heating, lighting, and other home energy uses.

Your participation is essential as only a limited number of Members will be selected. In the next few months, you may receive an email asking you to participate. 4519307

Please consider completing the survey. Thank you in advance for your participation.

**BRIGHT
IDEAS**

Funding teachers that inspire the next generation

Teachers have innovative ideas about how learning can be made more exciting, effective and interesting and how curriculum can be expanded to meet the needs of particular groups or individual students; however, resources are sometimes not available for special instructional opportunities. 4678667

The Snapping Shoals EMC Bright Ideas grants are designed to assist teachers in the planning and implementation of these ideas. 425744

Teachers should contact their county's Board of Education to apply for a Bright Ideas grant.
