Making Savings Simple and Supporting Our Communities

Walton Gas: Real People, Providing Real Service

For the past five years, Walton Gas and Snapping Shoals EMC have made it easier than ever for members to save on their natural gas service. Through our partner program, members enjoy competitive rates and exceptional customer service with a seamless sign-up process. Whether switching from another provider or turning on service, the transition to Walton Gas is effortless.

Walton Gas representatives are ready to assist, ensuring that members can enroll quickly and start saving.

In addition to providing great rates and service, Walton Gas and Snapping Shoals EMC are deeply committed to giving back to the communities we serve. Like Snapping Shoals EMC, Walton Gas supports local initiatives, sponsors events, and contributes to charitable causes that make a real difference. From supporting local organizations to partnering with nonprofits and sponsoring community events, Walton Gas is dedicated to making a lasting impact where our members live and work. 4639548

“Our goal is to offer more than just great service; we want to make an impact in the communities we serve,” said Phil Weatherly, business development director at Walton Gas. “Partnering with Snapping Shoals EMC allows us to do both—helping members save money while investing in initiatives that matter.” 4638898

Signing up with Walton Gas is a simple way for members to enjoy trusted, local service while supporting businesses that care about their community. It’s a win-win for everyone! Sign up at walgas.com/snappingshoals or call 678-639-3277 to speak to a Walton Gas representative.

Good Friday

Our offices will be closed April 18 in observance of Good Friday. If you experience an outage, please report it with the mySSEMC app, online at www.ssemc.com, by calling 678-814-4961 or texting OUTAGE to 678-814-4961. Report other service issues at 770-786-3484.

Summer Rates Effective May 1

SSEMC’s summer rates are effective from May through October, and winter rates are billed from November through April. In areas such as ours where summers are hot, the peak demand for electricity occurs during the months when air conditioners are working hard to keep everybody cool. The higher demand for electricity on these hot summer days makes the cost of providing power greater at this time of year, and that is reflected in our rate structure. 4649891
